

In-situ Recline Deluxe HS

- Based on the comfort of the Recline sling but with the added benefit of the Deluxe Leg sling design
- Offers full body hammock style support & adjustable integral head support with removable stiffeners
- Includes additional leg paddles which provide femur support
- Easy to apply from lying position with low friction fabric on leg sections to aid application
- No aperture for optimum user comfort & soft binding as standard
- Fixed colour coded Silva-Safety Slot® tapes
- Once the patient has been transferred, this sling can be left in-situ, subject to an appropriate risk assessment
- Can be ordered with additional waist or chest support and hip tapes if required

F16DLX-SFP

nb: Sling shown in image is without Head Support.
