

Air Comfort Deluxe V2 Chair

Try the
ultimate
chair in
pressure
care **TODAY!**

The Product

The **Air Comfort Deluxe V2 Chair** is a patented airgonomic seating system. Developed in the treatment and prevention of pressure issues relating to long term seating, the pressure redistribution design offers full patient comfort. The seating surface has no gaps making it easy to wipe clean, repair and maintain.

Easy to manoeuvre
with foam grip,
ergonomic handles.

Removable and adjustable headrest
cushion for optimum positioning.

Can facilitate a TIS (Tilt in Space)
position with adjustable back
and lower sections.

Fully adjustable wings
as well as drop down
arm sections to allow
for easy side transfers.

3 locking castors with
the addition of a locking
directional castor for
in-line travel.

Optional Extras

Fully adjustable foot rests

Meal or activity tray

Adjustable lap belt
