Supply Chain Statement

Silvalea are committed to ensure our core values of fair practice, respect, safety and environmental protection are mirrored by our supply chain. We expect our suppliers to not only obey the rules in their jurisdiction but to conform to global best practice.

Silvalea has a zero tolerance to slavery and human trafficking and will not support or willingly deal with any business involved with either of these matters.

As best practice, Silvalea periodically audits its suppliers. These on-site audits are announced and conducted by Silvalea personnel (where possible) trained in auditing techniques to recognise and report non-compliance with our expectations. Noted deficiencies are addressed with the supplier at the time and any issues addressed accordingly.

Regards,

Gary Paul Bevan
